Steve,

IMT LNO informed me that you are imbedded with FEMA so I am just looking to confirm that the FEMA map I have provided is the most up to date declared counties map. I pulled the map from the FEMA website (<https://www.fema.gov/disaster/4332>).

Thanks

Dan

Can you define resource locations.

I will get with unified command about the branch boundaries, I will get with the liaison to work with FEMA to make sure that the map on the FEMA website is up to date for declared counties. I am hoping that between the layer Cody provided layer and Steve Masons information we can clarify the appropriate EOC locations.
